MACDONALD COLLEGE

FRIDAY, JANUARY 18, 1963

BIG WEEK PLANNED FOR CC DRIVE

SOPH EDUCATORS PRESENT GBS PLAY

Sophomore teachers and fizz-eds Wednesday night presented George Bernard Shaw's satire-comedy, "Passion, Poison and Petrification." They put over well the playwright's rather caustic comment on murder plays accompanied by blood, gore and an appropriate number of corpses, and gained, in this critic's opinion, a good chance of winning the annual inter-class drama competition.

The evening's presentation opened with a humorous intro by George Koski. It was "different" and well-received by the audience. The play itself was extremely well performed and we noticed in particular the effectiveness of the stage directions (especially in the "Shall I sweep them up, Ma'am?" scene), and of the lighting, sound and stage sets.

Congratulations to the whole cast are in order but special kudos must go to Dave Jeary, who, we understand, not only took one of the leading roles in the play, but also directed the entire production.

It would be necessary to single out every member of the production staff and cast to do full justice to the excellence of the presentation and space and time do not permit. Instead we echo the favourable comments of all those who saw it and thank the second year education students for the evening's enjoyment they provided.

GREEN AND GOLD

Tradition has, over the years, expected the "Green and Gold" to be a musical comedy or some act of a musical nature. However, this year, the production will take the form of a Review entitled: "No Room at the Top." A series of loosely connected yet entertaining musical and comedy acts will play the main functions, interspersed with a series of interludes. Support in all sections of this dramatic production are needed and the producers look to the students to turn out in force for the auditions. If you feel you have a small amount of talent in the fields of acting, singing or dancing or even behind the stage work please do not hesitate to turn up and try your luck. The auditions are on Monday, Tuesday and Wednesday of next week and the place and time will appear on a series of notices that will shortly be going up.

EDUCATION ANONYMOUS...

The arrival of the new jackets this year without year numbers for those purchased by Education students serves to illustrate the complex problem facing students who order official Macdonald College items, i.e. jackets, rings, etc. The situation is characterized by misplaced orders, misfits and, in general, unsatisfactory service.

In order to correct the situation, a committee sponsored by the Students' Council and headed by James (The Panther) Banting has been set up.

Thus far, the committee has spent much time in tracing down the causes of the whole problem. Their findings to date are as follows: Problems with purchasing in the past can be attributed to—1) Student irresponsibility; 2) Haphazard organization; 3) Poor service of contracted companies.

The committee feels the best possible solution would be to remove the whole sphere of operations from student hands.

Informed sources have stated that the committee will present their views to administration early next week.

I.V.D.L. AUDITIONS

Auditions will be held tomorrow afternoon at 1:30 in the Stewart Room for the cast of "The Red and Yellow Ark". This one act play will be Macdonald College's entry for the Inter-Varsity Drama League competition, which will be held in the Hart House Theatre at the University of Toronto. The I.V.D.L. competition will be held in Toronto during the second week in February.

The play requires a cast of six main characters, but since it is set against a circus background, an indefinite number of "mob" will be necessary to produce this atmosphere. People with skills or potentials in the direction of juggling, and other circus-type tricks will be welcomed. Men will be needed to act as Roustabouts on stage, and as stage hands off stage. People are needed to assist with staging, make-up, and costumes.

The list of main characters include:

Austin Henry — a 12 year-old boy; Georgie — a ten year-old girl; John Randolph; Siameta — Siamese twins (2 people); Advance Man.

MEN'S

RESIDENCE

COMMITTEE

At a meeting of the Men's Residence Committee on Wednesday January 9, 1963 it was unanimously agreed that in the future any student caught tampering with fire-fighting equipment could either be fined \$25 or recommended to be placed on conduct probation at the discretion of the Residence Committee.

It was also agreed that this rule will be strictly enforced and no exceptions will be considered so we hope this clarifies any doubts that may exist regarding how your committee feeds concerning this offence.

I will also take this opportunity to state the college rule regarding fire-fighting equipment which I might add is the same in any society. "Tampering with fire-fighting equipment is strictly forbidden."

Wilfred Leonard McArdle,
President of Residence
Committee.

TEACHERS 1 CLASS

EDITION NEXT WEEK!

For details see
Bob Kerr

Your team needs your support. Put aside all the pennies you can for Wednesday.

Of course the Dip Play will be Wed. night Jan. 23.

On Thursday evening, all students will gather in the Assembly Hall for the Variety Show. Since all classes must submit an entry, there should be a wide variety of acts and the 25 cents admission charge will certainly be fully earned.

On Friday night from 7-9 p.m. there will be a skating party. After all have thoroughly enjoyed themselves, hot chocolate will be served and the party will be adjourned to the basement of the New Dining Hall for dancing until 11:45 p.m.

During this week the Phys. Eds. are sponsoring a bottle drive. To meet the \$1,200 objective all must give generously Remember: Unselfish giving.

For better living.

Ruth Garland, Publicity Director of the Community Chest Week, reports to us that the week of January 20-27 has been declared Community Chest Week. Community Chest funds support the activities of CARE, F.A.O., the Montreal Children's Hospital and the Cancer Research Society. This year the objective is \$1200 and to raise this sum numerous activities have been planned to allow Mac students to part with their money painlessly.

On Monday January 22 from 8-11 p.m. a square dance will be held in the basement of the New Dining Hall. The music for this occasion will be a meagre 35 cents stag and 50 cents drag.

On Tuesday night, the Brittain Hall Gymnasium will be the scene of the Annual Monte Carlo Night. The cover charge for this traditional evening of gaiety will be 25 cents. An auction of items donated by local merchants will be the main feature of the evening.

On Wednesday the whole college participates in the Penny Drive (silver dollars will be accepted at par).

Time: 9:25 a.m. - 6:00 p.m.

Date: Wednesday, January 23.

Place: Money will be collected outside the dining room at meal times and under the clock at other times. A race of pennies will be held under the New Dining Hall. When a sum of 200 pennies has been collected for a team, a "hand" will be placed on the floor to represent this amount.

Teams: 1. 1st year teachers and 1G.

2. Aggies and post grad Aggies.

3. 2nd year teachers, 2S, 2A.

4. Dips., Home Ec., and T.P.

Co-directors of Community Chest Drive
Eleanor Millican and Ann Tanton.

In a recent interview with this reporter, Margaret Ann Farmer, President of the S.T.S., commented on the Treasure Van which was lately in operation on campus.

Margaret Ann said: "I would like to express my personal thanks to the girls who volunteered to sell those exotic items at the Treasure Van, in November. Without them, it would not have been the success it was. A special thank also goes out to the rest of the executive of the S.T.S., who sponsored the sale, and to Petronella Broscomb, who, in spite of upcoming exams, took charge of obtaining sales-girls."

Commenting on the functioning of the Van and its success, Margaret Ann commented: "For those who do not know what the Van is, it is part of the World University Service (WUS). The proceeds go towards scholarships for students abroad. This year, \$850 was collected at Macdonald, which, added to McGill profits, made approximately \$6,500."

We, of the "Failt-Ye" Staff, which to extend best wishes for future success to the operator of the Treasure Van.

MOTHER

EDITORIALS COMMENTS

If one listened to the loud wails and complaints from education students one could only combine a major catastrophe in the Institute of Education. Of course the noise arose because of letters received from the Institute concerning exams.

Actual conditions are not such as the ranting and raving that have been taking place, would indicate. In actual fact less than 5% of the 820 (approximately) students enrolled in the institute received letters. Professor cw hall, associate director of the Institute of Education assured us that the vast majority of these messages were only in the nature of a warning. The number of serious letters was surprisingly small.

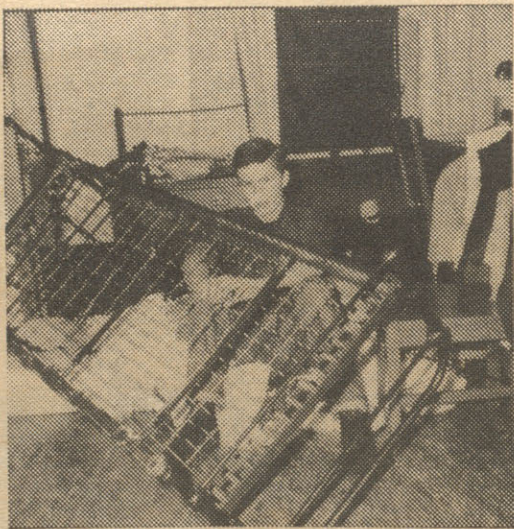

Consequences seemed more serious as these misseves struck in concentrated areas notably second year diploma Phys. Ed.

Before you pat yourself on the back remember that the year is but half over. Moreover the gay month of February with the Winter Carnival and the Royal approaches are near at hand. Bacchus and his pards will run rampart over the campus Academically the Doldrums are approaching.

We don't avocet a monastic life of scholarly endeavour, however we would remind you that college is a place to obtain an education not a hangover.

The letter at the end of the first term was a shock as a bitter pill for many to swallow. The final results could be much harder to accept.

We leave you with the words of Professor hall. "We hope that you can make a greater effort during the present term so that you can complete the year successfully".

LETTERS to the editor

Stewart Hall,
Macdonald College,
November 23rd, 1962.

Dear Sirs:

We are of the opinion that a new course should be instigated in the Faculty of Education: the basis of common manners. It is evident that upon entering Macdonald students promptly forget all courtesies which we are sure have been drilled into them since an early age in the home and in the school.

However, upon numerous occasions, lecturers have been forced to either wait to begin the lecture, or to stop in the middle of it, to accomodate students who feel campus gossip is more important than Greek education, the rise of the Tudors, or Auden's poetry. Not only is this a direct insult to the professor, but also to the minority of students who feel they can benefit from the extensive studies and superior experience of the professors.

We are sure these same people who talk continuously or even sleep through lectures will demand from their classes the utmost in discipline. Is this their shining example for future generations?

This letter applies mainly to the sophomore class since it is with these people that we have had the most experience.

Ann TRENHOLME,
Nancy TRAVERS,
Donna TRENHOLME.

Dear students of
Macdonald College:

Some are born great, some achieve greatness, and some have greatness thrust upon them. The last is how I feel now as I thank you on my own and all the patients' behalf for your lovely presents which you gave us on December 20th, 1962.

Seriously, students from many lands and many nations, I know I speak for every one as I write in English, "We thank you from the bottom of our hearts"; en Français, "Nous vous remercions de tout coeur"; und auf Deutsch, "Danke schine" for the loving thoughtfulness you have demonstrate on our behalf.

Sincerely,

John Austin ROSS.

Ed. note: On December 21st, the S.T.S. distributed about 200 gifts to Ste. Anne's Veterans' Hospital wards.

Council Corner Students Council

With the approach of the busy season of the year in student activities, the Student's Council is spending much time reviewing budgets and Student Activity requests. Since Christmas the following business has been transacted.

The M.A.A. requested funds to cover the cost of meals for football players. This was approved by council on the situation that it be approved by the Finance Committee.

The council agreed to ask Miss Charlotte Whitton to speak at the Association Banquet.

The council discussed in detail their financial obligations concerning damage in residence. It was decided to pay for damages up to the amount collected in fines. The president and Mr. McCordle were delegated to discuss the situation with Dr. Knowles.

The financial situation was reviewed and Bob Cooke reported that a finance committee meeting was spending. He started that several important financial matters had to be settled.

Councillors requested that the matter of the Book's Store's closing be looked into. Jim Banting reported on the Purchasing Committee.

AI CROWE

PRACTICAL EXPERIENCE....?

There are things, believe it or not, which we do not learn at college—even about teaching at teacher's college. What we don't learn at college is called practical experience. Recalling numerous errors I have made during the past term, I never realized how impractical I was. I have compiled a list of things which one will have to cope with in addition to teaching. The list, of course, will vary in regards to the various systems which various schools boards or individual schools employ, as well as the grade taught.

I would like to add, at this point, that I am not writing this as any kind of an expert to any degree. They are from my own experience as a first-year teacher.

- 1) Paper work is one outstanding feature of the work to be done. Filling out forms of one kind or another, if not in duplicate, in triplicate, is the core of most paper work. These forms deal with such subjects as information about the class, personal information, information in regards to Indians whose education is paid for by the government, and others already out of mind, or yet to come. Copies of these forms go to the principal, the superintendent, one for yourself, or any other persons who may require the information asked for.
- 2) Our system issues progress reports prior to Parents-Teachers Night.
- 3) Report cards come at the end of each term—thank goodness.
- 4) Attendance journals require careful attention, and, much to the greenhorn's relief, instructions regarding the calculation of percentages, etc., can be found on the inside cover.
- 5) One has to make a timetable in accordance with the number of hours per week for each subject suggested in the Handbook.
- 6) It stands to reason that the more tests one makes and applies, the more correcting one has to do.
- 7) Correcting applies not only to tests, but to regular school work too. If not actually correcting, there is checking the pupils' work from time to time, which, I assure you, can be extremely enlightening sometimes.
- 8) Parent-Teachers Night is not the ordeal it is made out to be. This astounding statement comes as a result of one hour's experience, and, as such, is to be taken with a grain of salt.
- 9) THEN—MONEY. Milk money, soup or lunch money, photograph money, supply money and workbook money. With the exception of the milk and soup and lunch money, the others are all collected in a period of a week or so, throughout the term. If the accounts are kept straight—no trouble.

These are only some of the things which I found confronting me throughout the first term, some of which, when I think of it, I should have expected due to my own school life. Undoubtedly, the rest of the school year will contain other forms of harassment for this greenhorn.

Some additional items I would like to mention which may be of some help to others, are also gained from my own experience, such as it is.

One may obtain, from the P.A.P.T., a copy of the salary scales of the various school systems in the Province of Quebec. The copy also includes some information regarding increments and cumulative sick leave. If you are going to make your decision of where you want to teach on the basis of salary, this is the ideal item.

For my own personal information, I am maintaining a list of favorable and unfavorable reports of various schools. I gain the information from other teachers, and not necessarily first-year teachers, while taking into account the informant's likes and dislikes if I know them personally to that degree. What may be candy to them may be poison to me.

Once again, I hasten to impress upon you that I do not consider myself an expert or a know-all, but this information is directed at those who, like myself, did not, cannot, or do not see beyond teaching as teaching, and not as a mixture of certain trades.

TONY BROSCOMB

CARNIVAL CAPERS

Pictured above is Pat Clements moments after her name was suggested as a possible Winter Carnival Queen Candidate. She later withdrew her name however, because of her executive position in the Carnival. Queen nominations close today, then the candidates will be feted at a tea next week, at which time the three finalists will be chosen to run for Carnival Queen. General Chairman Dave Appleton announced that the Dow Brewery Barrel Jumping Troupe has been engaged for Rink Night entertainment. They will be backed up by the traditional hockey game between the Tropical Bombers and the girls as well as the regular Inter-Collegiate fixture with this year's Carnival visitor being Sir George Williams University.

This year's Inter-Collegiate Woodsman's Competition promises to be the big Carnival feature—as it has been in the past with teams competing from the University of Toronto, McGill, and New Brunswick.

To give it the international flavor, Paul Smith and the University of Maine from below the border will be in attendance. All five will be out to dethrone the reigning monarchs of the axe and saw: Macdonald College.

PUBLICITY NOTICE ROYAL NOTES

by Pam CARTER

The new year has begun and work on the Royal is surging ahead to prepare for the big day on FEBRUARY 22. First we would like to congratulate the approx. 150 entries in the Livestock competitions. We hope that they will all stick with us and help to make the Livestock show one of the Royal "spectaculars".

Next we'd ask all the girls to start thinking of who they would like to see as Queen of the Royal.

Of the 55 candidates from the various classes: 1 from 1st and 2nd year Home Ec, 1 from 2nd and 4th year Home Ec, and 3 from Education. One girl will be chosen as our Queen.

Saturday night, Feb. 16 in the Brittain Hall Gym; Keep these facts in mind for the inter-class Square Dancing Competitions. Each class entering a team will be given times to practice their routine. Contact Anne Tanton, Stewart Hall, and watch for posters giving more details.

Another event to remember is the inter-class Tractor Rodeo which will take place in the Glenfinnan Rink on February 16 also. Pete Finlayson and Charlie Trail are the people to contact concerning this event.

Don't forget the men's chocolate cake baking contest. The more entries the are, the more fun there will be; so fellows, find an apron and see what you can whip up.

Last of all is the fashion show. We would like to have more girls from Education entering the show this year. If any of you have done any sewing and would like to model your garments, please contact Sely Schaffeler, Laird Hall. That's all for now.

Whatever became of:

Lucy Borgia,

CLASS OF '02?

It is a tribute to our Home Ec. course that the name of this little girl is celebrated wherever food is eaten and wine is drunk. Lucy, early in her course, gave unmistakable evidence that food to her was not merely a means to an end but an end in itself. Herself a sparing eater, she encouraged guests to enjoy each meal as if it were their last. With a few simple ingredients, Miss Borgia could produce a banquet to end all banquets. Her Omelette a la Fine Toadstools is still talked about in hushed voices. The few contemporaries who survived her, often recalled this gentle lady diligently tending her little kitchen garden of Deadly Nightshade, Foxglove and Hemlock. You don't find cooking like Lucy's in the college cafeteria these days.

The safest recipe for keeping your finances healthy is found in a B of M Personal Chequing Account. Open yours today.

MEN'S ATHLETICS INTERCOLLEGIATE SPORTS

HOCKEY

MAC - 4 CARLETON - 4

The best game of the season was played last Saturday as the Mac Aggies met the Carleton Bombers. Tough, hard-hitting hockey was exhibited to the crowd throughout, and our boys led all the way until the third period. Nevertheless, down one goal in the dying minutes of the third period, Coach Pugh lifted the goalie from the game and with the extra man advantage, and less than a minute to play, Ron Trivers dented the twine tying the score at four all.

The boys all played excellent hockey. Outstanding on offense were Ron Trivers who scored two goals and Brian Murray who is presently leading the team in points. Harris Shufelt and Doug Carpenter played brilliantly on defense; Doug scored a goal in the third period which kept us in the game.

In their last four starts, the team has gone undefeated. They are presently playing very good hockey: let's come out and watch for enjoyment and to urge our Aggies on to victory.

An air tight defence and good scoring punch are the important factors in a winning hockey team. Our defence corps not only keeps the opposition off the scoresheet, but also set up many scoring plays. Carpenter, Parker, Goodwin and Shufelt make a solid, colourful, rough barrier to opposing forwards. They are renowned for their fierce checking.

The line of Slater, Trivers and Murray is better than any line shown by our opponents. Our other lines have also shown desire and fight. Although they have not scored many goals, they have made their presence felt.

Before the holidays, the team improved with every game. We are now ready to win the Ottawa-St. Lawrence Championship and the Montreal Collegiate title.

Our boys play an exciting, crowd-pleasing, high-calibre brand of hockey. Let's go out and support our team.

By BOB SHUSTER

BASKETBALL

In the big tilt at R.M.C. our boys emerged victorious in a close match 51 to 49. We opened well with a ten point budge and at the end of the half still held this margin. However in the second half the referees managed cut down our lead, but despite their efforts, when the game ended we were ahead by two points.

The team played consistently throughout the game both on offense and defense. The playmaking was superb led by A. Fredrick Gauley who held the crowd spellbound with his acting. On two occasions, Mr. Gauley held up play by an acute attack in his stomach and was cheered (jeered) accordingly by the spectators. As a result, he left the game early and did not return (thanks to the referee).

Therefore, if you want to see good basketball our team is performing come out and support them this Friday and Saturday.

INTERCLASS HOCKEY

Interclass hockey has started and the games are played every thursday night from 7:00 to 10:00. The play is very exciting so come out and support your team.

Games last week:

January 10 —
Agriculture 1 - 7 Teach. 1 - 3
Agriculture 2 - default over Teachers 3
Ags. 4 and P.G. 5 - Dips 0
Agriculture 3 - 6 Teach. 2 - 1

Games next week:

January 24 —
Agriculture 1 vs Teachers 2
Agriculture 2 vs Dips
Agriculture 3 vs Teachers 1
Ags. 4 & P.G. vs Teachers 3

BASKETBALL

Interclass basketball has also started this week and as every year there will be a fierce battle for top position. Come out and support the basketball for the play is good and entertaining for the spectators.

Games next week:

January 21 —
Teachers 2 vs Agriculture 1
Teachers 1 vs Dips
January 22 —
Ags. 4 & P.G. vs Agriculture 3
Teachers 3 vs Agriculture 2

WOODSMEN'S COMPETITION

Tomorrow the annual inter-class Woodmen's Competition will be held on the lower campus and as usual will provide excitement and entertainment. All the events of the previous years hold except the snowshoe race, and the different classes are busy organizing their teams. Third year Aggs seem to have a very strong team this year, but may meet some keen competition in the Seniors and Post Grads who were victors only after a fierce struggle, and the competition this year will certainly match it. This event is lots of fun for both participators and especially spectators so let's come out; believe me it will be worth it!

Now for the Inter-collegiate Meet. Last year Mac ran away with all the top honors, leading the second place team by 100 points. This competition promises to be the big Carnival feature, with teams from University of Toronto, University of New Brunswick, which offer courses in Forestry, and McGill. An added attraction this year will be the appearance of Paul Smith and his boys from the University of Maine. As every year, there will be keen competition on the part of these five teams too capture the laurels from the present champions, the Macdonald Aggies.

This competition is coming up soon — don't miss it!

WOMEN'S ATHLETICS

BASKETBALL:

The Intercollegiate basketball schedule has turned the halfway mark in its season of games. In the near future, the Intermediate team has three games for the Women's Open Basketball League: on January 17th, Macdonald plays Basile Moreau at Basile Moreau; January 22nd, Macdonald hosts Marguerite Bourgeois and on January 24th, we find Mac away from home against McGill University.

In the Senior Intercollegiate section, we see two games on tap; an exhibition game on January 19th finds Macdonald at Carleton University in Ottawa and on Jan. 24th, Macdonald plays McGill here on the Mac campus.

To this date the Intermediate team has won three out of four games and the Senior team won one, lost two.

VOLLEYBALL:

The Intercollegiate team travels to Carleton University tomorrow to compete in a volleyball tournament. In two tournaments previously held with McGill, Macdonald has come out on top, so we wish the girls the best of luck in Ottawa.

FENCING:

Saturday, December 8th, found three male members of Macdonald's Fencing team at College Militaire Royal in St. John's, Quebec. Carl Anthany, Dietrich Washke, and Lorne Feher were representing Macdonald in a three-way fencing tourney between C.M.R., McGill, and Mac. These men are to be congratulated for their fine performances, especially because they are first year fencers.

January 12th, Macdonald played host to visiting fencers from C.M.R., McGill, and John Grant High School in Lachine. Macdonald's five fencers, Linda McKellar, Maureen Custy, Audrey Falkner Dietrich Washke, and Lorne Feher all contributed to a second place. C.M.R. placed first with a three point lead, and McGill and John Grant placed third and fourth respectively.

Macdonald's team would like to thank their coach, Mr. Gyapay for his part in the success.

BADMINTON:

Sheets for interclass badminton are up now on the W.A.A. notice board. Please see that you sign up as soon as possible, because the sooner you do, the sooner you can play. Also please note, and consider, that your class will receive one point for each win and will lose five points for each default.

SPORTS TO COME:

Interclass Volleyball; will be starting next week.
Interclass Hockey; will be starting within two weeks.
Archery.
Swimming Marathon.

CARPENTER SCORING IN THIRD PERIOD

HOCKEY

FRIDAY: MAC at OTTAWA
SATURDAY: MAC at CARLETON
